Prologue

Since its inception, Bangladesh Institute of Bank Management (BIBM) has been working for the capacity development of the banking professionals of our country in different forms and in different ways. All over the year, we have been offering different training courses, training workshops, research activities, and seminars targeting the young banking professionals to senior bank executives. With the sole commitment of delivering quality output, BIBM has been proactive for excellency in its service delivery and with that vision BIBM passed long 50 years and has observed Golden Jubilee in the previous year 2024. BIBM prepares Academic Calendar every year to keep learners, faculty members, and staff reminded of key dates throughout the academic year. It is also useful for the prospective learners and alumni as well. As a part of its commitment for excellency BIBM constantly follows a smart multi-stakes consultation and collaboration for preparing its annual Calendar. The preparation of Academic Calendar process starts with the formation of Academic Calendar Committee consisting the faculty members of BIBM. After carefully examining and scrutinizing the objectives and contents of existing training courses, training workshops, and research activities, and considering the feedback of the trainees of last academic calendar, the committee came out with a fresh proposal which contains: offering new training courses and training workshops; modification of title, objectives, and contents of existing training courses and training workshops; changes of duration and frequency of the training courses and training workshops. Moreover, the committee also proposed the review workshops, research workshops, roundtable discussion, research project and seminar for the new academic calendar. Based on in-house consultation, a draft proposal is prepared and placed it to the 'Need Assessment Meeting' where the Head of Human Resource Division, Head of Learning and Development, and Principal of Training Academy of different commercial banks participated in the meeting. After incorporating the feedback of the audience, a draft academic calendar was prepared and placed it in the meeting of the BIBM Executive Committee and BIBM Governing Board for the purpose of getting final approval.

Historically, BIBM activities have been expanded, enriched, and transformed in order to keep pace with the market changes. BIBM strongly believes in unremitting development and upgradation of its activities. To create expert bankers on certain specialized and concerning areas of banking and finance, BIBM took the initiative of offering several Certification Courses to disseminate specialized knowledge and expertise in the field of risk management, credit operations, trade service operations, e-banking, anti-money laundering and financial crime, SME credit operations, and Islamic banking and finance. The journey began in 2015 by introducing "Certified Expert in Risk Management (CERM)" which is joint certification program with the Frankfurt School of Financial Management of Germany. In 2018. BIBM launched two certification programs titled "Certified Expert in Credit Management (CECM)" and "Certified Expert in Trade Services (CETS)" for the purpose of enhancing the capacity of the banking professionals working in credit and trade service areas/departments of banks. To address the needs of professional skills and concerns on e-banking, money laundering, and financial crimes, BIBM added two certification ventures with the titles "Certified Expert in E-Banking (CEEB)" and "Certified Expert in Anti-Money Laundering and Financial Crime (CEAF)" from 2019. In 2021, BIBM launched its seventh certification program title "Certified Islamic Banking and Finance Professional (CIBFP)." BIBM launched another certification program titled 'Certified Expert in NPL Management & Investment (CENPL)' jointly with Frankfurt School of Financial Management, Germany in order to be better equipped at recognizing the early warning signs and have effective tools to managing NPLs. In 2024,

BIBM have launched two certification programs title "Certified Professional in Internal Audit & Bank Inspection (CPAI)" and Certified Professional in SME Financing (CPSMEF).

Till 2024, a total of 2030 professional bankers were awarded "Certified Expert Bankers". In June 24, 2023, BIBM organized its 5th Graduation Ceremony where 438 banking professionals were awarded this certification.

In 1997, BIBM entered into highly specialized professional education program through offering a postgraduate program in bank management - the MBM. Initially, the program was conducted during day time. Later on, responding to the demand from in-service professionals, MBM-Evening program was launched. Initially the programs were run under CPGS (Center for Post Graduate Studies) affiliated with National University. In 2012, University of Dhaka has given fresh affiliation to Dhaka School of Bank Management (DSBM) to run MBM programs at BIBM. Beside training education, BIBM's current activities include undertaking research, organizing seminars and international conferences and publishing reports on the issues relevant to the banking and financial sector. BIBM publishes Bank Parikrama (a quarterly journal), Banking Research Series (a yearly publication of the keynote papers of BIBM research workshops), Banking Review Series (a yearly publication of the review workshop papers), Research Monographs (publications of the BIBM research projects), Risk Enlightenment (A Bulletin on Risk Management), BIBM Bulletin (a quarterly publication) and Lecture on 'Ethics in Banking' (a compilation of memorial lecture on Banking Ethics), and Lecture on "Central Banking" on a regular basis.

Till the year 2024, BIBM trained a total of 116,365 officers of banks and financial institutions, and in 2024, the number of attendees in training programs was 3506. Moreover, 829 mid and senior level bankers took part in the review workshop, research workshop, seminar and research based/discussion programs. Further, 1136 MBM graduates passed out from BIBM during the period 1997-2022 and almost all of them have joined the banking profession. Besides, 569 MBM-Evening graduates passed out from BIBM since inception in 2006.

Besides, BIBM organizes Annual Banking Conference, Regional Banking Conference, three lecture programs titled "Ethics in Banking", "Central Banking" and "Monetary Policy". The institute also arranges special training programs and provides support in recruiting bank officials in response to the special requisition of our member banks.

I congratulate Academic Calendar Committee and BIBM colleagues for successfully accomplishing the task of finalizing and printing the Academic Calendar 2025. Despite consultation with the stakeholders, some of the training needs might remain unaddressed. BIBM welcomes suggestions from all concerned for inclusion of unaddressed Banking Sector issues and committed to further improvement of its activities.

Number of MBM Graduates

Hostel Accommodation

BIBM's regular programs are fully residential. It has a fairly large hostel building to accommodate its participants for different training and workshop programs. Curr24ently the hostel can accommodate around 150 bank executives at a time. Hostel has gym and other recreation facilities for the participants.

Library Books and Journals

The BIBM library is fairly rich. It has a collection of over 30,000 books. The library subscribes and collects about 200 domestic and foreign journals and magazines regularly. Addition of new books and journals to the library has enriched the library collections over the years. BIBM customized and developed the "Library Management Software (LMS)" and the entire management is being done by this software. Existing books cover Economics, Finance, Banking, Accounting, Business, Management, Marketing, Law, Computer Science, Agriculture, Research, Education, Psychology, Statistics, History, Geography, English and Bengali Fiction and Dictionaries/ Encyclopedias on various disciplines. The library subscribes for various Journals on Economics, Banking, Accounting, Management, Training, NGOs, Computer Science. Annual Reports of various banks and financial institutions, ADB, IMF, World Bank Reports and government publications are kept in the library. It also preserves BIBM course materials, seminar papers and background materials of workshops. On the week day library is kept open from 9 am to 9 pm and on Friday & Saturday: 9:00 am to 4:00 pm.

Computer Lab & IT Facility

BIBM has two Computer Labs, One Internet Cafe in its campus. Computer Labs are well equipped with High-speed modern computers, broad-band internet and other necessary accessories. Document Scanning, Printing, Internet Browsing facilities are also available there for participants.

Certification Programs

BIBM, a national Training, Research, Consultancy and Education institute on banking and finance, offers Certification Programs to develop capacities of the professional bankers on certain specialized and concerning areas of banking and finance. It launched its first joint certification program 'Certified Expert in Risk Management (CERM)' with the Frankfurt School of Finance and Management of Germany in 2015 targeting mainly to enhance capacity of the bank executives on risk management. For enhancing capacity of the bank executives working in credit and trade services areas or departments. BIBM launched two certification programs titled 'Certified Expert in Credit Management (CECM)' and 'Certified Expert in Trade Services (CETS)' since 2018. To address the needs of professional skills and concerns on e-banking, money laundering, and financial crimes, BIBM added two certification ventures with the titles 'Certified Expert in E-Banking (CEEB)' and 'Certified Expert in Anti-Money Laundering and Financial Crime (CEAF)' from 2019. In 2021, BIBM launched its eighth certification program title "Certified Islamic Banking and Finance Professional (CIBFP)." Recently, BIBM launched another certification program titled 'Certified Expert in NPL Management & Investment (CENPL)' jointly with Frankfurt School of Financial Management, Germany in order to be better equipped at recognizing the early warning signs and have effective tools to managing NPLs.

Certified Expert in Credit Management

Capacity building needs of the bankers on credit management is a crucial area to address in Bangladesh. 'Certified Expert in Credit Management (CECM)' has been introduced to enhance capacity of the banking industry of the country by creating expert human resources in the area of credit management. It is a six months

program that combines three months online and three months offline packages. The program is particularly suitable for the bankers working in the credit and the related departments of banks or bankers want to be associated with credit management activities of banks.

Key Contents of Online Module: Relevant Prudential Regulations, BB Guidelines, Relevant Acts and Best Practices

Key Contents of On-Campus Module: Financial and Credit System of Bangladesh, Credit Products of SME, Retail and Corporate Clients, Borrower Selection and Proposal Preparation, Appraisal (Financial and Non-Financial) and Processing of Various Credit Proposals, Credit Documentation, Security Valuation, Charge Creation, Credit Monitoring, Credit Risk Management, NPL Management, Handling Credit related Fraud, Forgeries and Financial Crime, Leadership in Credit Management.

Methods: Self-Reading of E-Learning Materials, Lecture, Case Study, Group Discussion, Panel Discussion

Evaluation Process: Assignments, Online Quizzes, Presentation and Paper Based Final Examination

Intake: Two Intakes in a Year (January and July) Course Fee: BDT 50,000 per participant

Number of Participants: Maximum 30 for each Intake

Certified Expert in Anti-Money Laundering and Financial Crime

Increasing financial crime and addressing money laundering are amongst the most critical challenges of the banking industry. 'Certified Expert in Anti-Money Laundering and Financial Crime (CEAF)' targets to improve knowledge and skills of the professional bankers in the area of financial crime and money laundering

challenges. It is a six months program that combines three months online and three months offline packages. The program is particularly suitable for the current or prospective Anti-Money Laundering Compliance Officers of banks.

Key Contents of Online Module: Relevant domestic and international regulations, International Standard-setters of Anti-Money Laundering and Terrorist Financing, BB guidelines and relevant circulars, Money Laundering Prevention Policies, Guidelines and Organizational Structure associated with fraud crime and AML and CFT.

Key Contents of On-Campus Module: Emergence and conceptual aspects, Methods and Techniques; Products and Services Vulnerable for MF and TF, International bodies for Anti-Money Laundering and Terrorist Financing; Domestic and International laws and regulations; Different conventions; Institutional Framework, UNSCR Implementation, de-rising; Elements of CDD and EDD, KYC, KYCC, KYE, KYB; Risk Based Transaction Monitoring and Management; BB guidelines and circulars (BFIU directives); strategies and way-out from money-laundering and financial crime; Corporate Governance and Ethics, National Integrity Strategy; and case studies.

Methods: Self-Reading of E-Learning Materials, Lecture, Case Study, Group Discussion, Panel Discussion

Evaluation Process: Assignments, Online Quizzes, Presentation and Paper Based Final Examination

Intake: Two Intakes in a Year (January and July) Course Fee: BDT 50,000 per participant Number of Participants: Maximum 30 for each Intake

Certified Expert in Trade Services

Offering effective and efficient trade services is becoming challenging day by day. 'Certified Expert in Trade Services (CETS)' has been introduced to enhance capacity of the banking sector of the country by creating expert human resources in the area of trade services. It is a six months program that combines three

months online and three months offline packages. The program is particularly suitable for the bankers working in the trade services departments of banks; or bankers want to be associated with trade services activities of banks.

Key Contents of Online Module: Relevant Domestic Regulations, BB Guidelines and Relevant Circulars, Trade Policies.

Key Contents of On-Campus Module: International Trade Payment Methods, Sales/Purchase Contracts in Trade, Documents Relating to International Trade Payment, International Guidelines in Trade, Import and Export Financing, Off-Shore Banking, Trade Services in EPZ/EZ, Exchange Rate Mechanism for International Trade Management, Challenges and Risk Management in Trade Services, Reporting, Monitoring, Capacity Development and Leadership in Trade Services in Bangladesh.

Methods: Self-Reading of E-Learning Materials, Lecture, Case Study, Group Discussion, Panel Discussion

Evaluation Process: Assignments, Online Quizzes, Presentation and Paper Based Final Examination

Intake: Two Intakes in a Year (January and July)

Course Fee: BDT 50,000 per participant

Number of Participants: Maximum 30 for each Intake

Certified Expert in E-Banking

Offering safe and efficient electronic and online banking is becoming essential and challenging day by day. 'Certified Expert in E Banking (CEEB)' targets to enhance capacity of the banking sector of the country by creating expert human resources in the area of e-banking. It is a six months program that combines three months

online and three months offline packages. The program is particularly suitable for the bankers working in the e-banking or related departments of banks; or bankers want to be associated with e-banking or online banking services.

Key Contents of Online Module: Bangladesh Bank ICT Guidelines, ICT Act, Guidelines on MFS

Key Contents of On-Campus Module: IT project management, vendor selection, software management, internet banking management, mobile banking platform management, DC and DRS management, IT risk management, FinTech, E-Commerce, Online Fraud, and Security Issues.

Methods: Self-Reading of E-Learning Materials, Lecture, Case Study, Group Discussion, Panel Discussion

Evaluation Process: Assignments, Online Quizzes, Presentation and Paper Based Final Examination

Intake: Two Intakes in a Year (January and July)

Course Fee: BDT 50,000 per participant

Number of Participants: Maximum 30 for each Intake

Certified Expert in Risk Management

(Jointly organized by BIBM and Frankfurt School of Finance and Management, Germany)

BIBM in association with Frankfurt School of Finance and Management of Germany introduced Certification Program on 'Certified Expert in Risk Management (CERM)' targeting mainly to enhance capacity of the bank executives on risk management constituting all key banking risks-credit risk, operational risk, interest

rate risk, foreign exchange risks, and liquidity risk. It is a nine months program that combines six months online (with Frankfurt School) and three months offline (with BIBM) packages. It may help enhancing capacity of bank professionals associated with all departments. The program is particularly suitable for the bankers working in the risk management departments of banks; or bankers want to be associated with risk management activities of banks.

Key Contents of Online Module: Introduction into Risk, Management, Governance of Risk in Financial Institution, Risk Landscape in SME Risk and Micro Finance, Risk-by-Risk Identification, Measurement and management, Credit Risk, Operational Risk, Interest Rate Risk, Foreign Exchange Risk, Liquidity Risk, Risk Management Policy Framework, Systems and Outlook

Key Contents of On-Campus Module: Identification of Risks Associated with Banking in Bangladesh, Core risk Management Guidelines of Bangladesh Bank (Central Bank of Bangladesh) and Application of Basel Guideline in Bangladesh, Credit Risk, Market Risk and Operational Risk Management Practices of Banks in Bangladesh

Methods: Self-Reading of E-Learning Materials, Lecture, Case Study, Group Discussion, Panel Discussion

Evaluation Process: Assignments, Online Quizzes, Presentation and Paper Based Final Examination

Intake: Two Intakes in a Year (March and September)

Course Fee:

To be announced later

Number of Participants: Maximum 30 for each Intake

Certified Islamic Banking and Finance Professional

[Led by Global and Local Islamic Finance Professionals]

Islamic banking and finance industry is growing faster than the conventional counterpart, both in global and local context. In line with this, there is a huge demand for a set of skilled people with technical and Shariah knowledge for expediting the growth and making the Bangladeshi banking and finance industry sustainable. Besides, all types of key

stakeholders should have operational knowledge in Islamic banking and finance for working together for the development of our economy. Moreover, there is no sufficient scope for acquiring relevant knowledge in this area through the existing education system. To meet-up this indispensable need of the economy, BIBM as a national-level apex training institute, is offering a unique certification program designed to develop a competent resource pool.

Key Contents of Online Module (Duration 8 weeks)

Regulations, websites and reports of different national and international entities are main sources of the study. Expected study duration for this module is 50 hours. Objectives of the module are:

- · To familiarize the candidates with the associated entities in local and global context;
- · To acquaint the candidates with regulations and market status; and
- To gather primary knowledge for effective participation in the subsequent modules.

Key Contents of Classroom-based On-Campus Module (Duration 14 Weeks)

Face-to-face interaction, learning guide and lecture synopses are main sources of the study for this module. Subject matter experts will lead the sessions for 42 hours. Excluding class-room discussion, desirable study duration for this module is 85 hours. Objectives of the module are:

- To accustom the candidates about the operational aspects of Islamic banking and finance;
- To make aware the candidates about the Shariah aspects in process and mechanism of Islamic banking and finance contracts; and
- To inspire the candidates for continuous thinking about a sustainable and compliant banking and finance industry.

Key Contents of Virtual Interactive Session Led by Global Islamic Finance Professionals (Duration 6 weeks) Virtual interactive sessions with global Islamic finance professionals for about 18 hours will upgrade understanding of the candidates. The candidates will achieve following objectives by spending 40

hours, in addition to the interactive sessions:

- · To share international regulations and practices related with Islamic banking and finance;
- To equip the candidates for making contribution to the development of Islamic banking and finance industry of the country; and
- To enhance the confidence level of the candidates for working in global arena.

Target Group of the Program

Certified Islamic Banking and Finance Professional (CIBFP) [Led by Global & Local Islamic Finance Professionals] program is structured considering the need of the diversified stakeholders including:

- · Professionals working in Islamic banking and finance institutions, either full-fledged or dual;
- Professionals working in conventional financial institutions having interactions with Islamic finance entities;
- Executives of the regulatory bodies, academic staffs and researchers of different organizations;
- Job-seekers for widening the expected market.

CIBFP Registration Fee

Registration fee of CIBFP program is BDT 60,000 (Sixty Thousand Bangladeshi Taka) to be paid at the time of enrolment.

Intake: Two Intakes in a Year (January and July)

Certified Expert in NPL Management & Investment

(Jointly organized by BIBM and Frankfurt School of Finance and Management, Germany)

BIBM in association with Frankfurt School of Finance and Management of Germany introduced Certification Program on 'Certified Expert in NPL Management (CENPL)' targeting mainly to enhance capacity of the bank executives on risk management constituting all key banking risks-credit risk, operational risk, interest rate risk, foreign exchange risks, and liquidity risk. It is a nine months program that combines six

months online (with Frankfurt School) and three months offline (with BIBM) packages. It may help enhancing capacity of bank professionals associated with all departments. The program is particularly suitable for the bankers working in the risk management departments of banks; or bankers want to be associated with risk management activities of banks.

Key Contents of Online Module: Context for NPLs and Private Sector Debt, Debt Distress, the early warnings signs, impairment and defaults, supervision and NPL management, Polices and Institutions in NPL crises, Insolvency regimes and asset recovery, out-of-court workouts, Case studies of corporate restructuring and insolvency, Restructuring household loans and arrears management, Loan sales and securitizations.

Key Contents of On-Campus Module: Introduction to Non-Performing Loans, NPL Strategy, Early Alert Process, NPL Governance and Decision Making, Forbearance, NPL Recognition, NPL Impairment in line with IFRS 9, NPL write-on, Problem Asset Recovery.

Methods: Self-Reading of E-Learning Materials, Lecture, Case Study, Group Discussion, Panel Discussion

Evaluation Process: Assignments, Online Quizzes, Presentation and Paper Based Final ExaminationIntake: Two Intakes in a Year (March and September)Course Fee: To be announced later

Number of Participants: Maximum 30 for each Intake

Certified Professional in SME Financing (CPSMEF)

Micro, Small and Medium Enterprises (MSMEs) are the foundations of economic development, employment creation and for innovation. In the Asia and the Pacific region, MSMEs account for more than 90 per cent of all enterprises and almost the major source of incomes and employment. In Bangladesh, SMEs contribute around 25 per cent

to the GDP, account for 70 to 80 per cent of the non-agricultural sector employment and 40 per cent of the manufacturing output. Realizing the significance of MSMEs' contributions to the economy, it is highly important to concentrate more on this sector. However, this sector faces various difficulties in setting up of the business, facilitating investments, supporting business operations, accounting record and ensuring growth potential. During the Covid-19 pandemic, most businesses experienced a decline in sales, supply chain disruptions and marketing problems, which ultimately resulted in many businesses shutting down and triggering unemployment. Therefore, to support the resurgence of the sector further as part of the post-pandemic economic recovery process, it is necessary to ensure greater MSME access to finance right now.

In most of the cases, MSMEs claim that they do not get access to the formal financial sector due the high requirements of banks' lending. On the other hand, commercial banks opined that they do not get appropriate borrower who are ready to avail bank finance complying banking requirements. Therefore, it creates a dilemma when one party considers that the problems lie with other party. As a result, gap exists between the MSMEs preparedness and banks' lending requirements. A recent study of Madan reported that the estimated demand for MSME finance in Bangladesh is US\$ 57 billion. But unfortunately, only 33 per cent (US\$ 19 billion) of this demand is currently met, resulting in a 67 per cent finance gap in the sector. Another study revealed an unmet financing demand for 60 per cent of women-owned SMEs. Hence, the large financing gap and the credit constraints may jeopardize the potential growth of MSMEs in Bangladesh. Hence to expose the potentiality of the sector, it is important to develop some expert, especially in the financial sector, who can take care the MSMEs for the development of the economy.

Objectives

- To learn the importance of SME financing for economic development of Bangladesh including inclusive growth and sustainable development.
- To acquaint the participants with the techniques of SME borrower identification, selection process, approaches & strategies of SME financing.
- To familiarize the participants with the operational procedures of bank financing including documentation, monitoring, recovery techniques, NPL management, etc.
- To develop practical knowledge regarding SME banking through case study on different sectors and project visit.

Key Contents: SME financing: overview, definition, approaches, strategies, different financing modes and products; Borrower identification and selection; SME Clustering and Green Financing.; Appraisal and Processing of SME Credit Proposal.; Operating cycle and assessment of working capital.; Operational procedures of bank financing: Loan origination, approval process, documentation, sanctioning, monitoring, rescheduling, recovery including non-legal and legal measures. Various risk and challenges of SME financing including credit scoring model.; Preparation of bankable SME projects.; Sector specific case studies.

Methods: Self-Reading of E-Learning Materials, Lecture, Case Study, Group Discussion, Panel Discussion

Evaluation Process: Assignments, Online Quizzes, Presentation and Paper Based Final Examination
Intake: Two Intakes in a Year (January and July)
Course Fee: BDT 50,000 per participant
Number of Participants: Maximum 30 for each Intake

Certified Professional in Internal Audit and Bank Inspection (CPAI)

Internal audit and inspection play a crucial role in ensuring the soundness, efficiency, and compliance of banking operations. A well-designed certification program on internal audit and bank inspection will help professionals develop the necessary skills and knowledge to perform these functions effectively. This comprehensive program aims to

equip participants with the knowledge and skills necessary to excel in internal audit and bank inspection roles in banks in Bangladesh. The specific objectives and contents of this program are:

Objectives:

- To acquaint the participants with conceptual aspects of internal audit and bank inspection
- To acquaint the participants with local and international standards and best practices of internal audit and bank inspection

Methods: Self-Reading of E-Learning Materials, Lecture, Case Study, Group Discussion, Panel Discussion

Evaluation Process: Assignments, Online Quizzes, Presentation and Paper Based Final Examination

Intake: Two Intakes in a Year (January and July)

Course Fee: BDT 50,000 per participant

Number of Participants: Maximum 30 for each Intake

MBM and MBM-Evening Program Under Dhaka School of Bank Management (DSBM)

Bangladesh Institute of Bank Management (BIBM) Started Masters in Bank Management (MBM) Program in 1997 with the Affiliation of National University. The MBM Program is a 2 Year and 4 Months Professional Postgraduate Program for those Who Plan Career in Banking and Allied Fields. In 2006, BIBM Introduced MBM-Evening Program Mainly for the Bankers and other Professionals. After the Successful Completion of 16 Batches of MBM and 7 Batches of MBM-Evening, the Program has been Affiliated with the University of Dhaka from the Year 2012. BIBM has Established Dhaka School of Bank Management (DSBM) for Smooth Running of the Program. Both the MBM and MBM-Evening Programs are Conducted Under the Same Regulations and Syllabus Approved by the University of Dhaka. So far 1545 Graduates Completed their Degree Under this Program. Almost all of them are now Working in Different Banks and Financial Institutions. Some of them have Already Reached the Top-Level of the Banks.

Criteria for Eligibility

A graduate in any field of study with minimum 16 years of schooling and at least one First division/class (CGPA 3.75 in a 5-point scale or 3.0 in a 4-point scale) and no third division/class (CGPA below 2.813 in a 5-point scale or below 2.5 in a 4-point scale) in any certificate/degree.

Selection Process

All applicants must sit for an admission test comprising MCQ, Written test and Viva-voce. The admission test is of 120 minutes; 60 minutes for the MCQ section and 60 minutes for the Written section. The Final merit list of students will be prepared according to the total marks obtained in the MCQ, Written test and Viva-voce. The Viva-voce will carry 20 marks.

Application Procedure

One can apply both on-line and off-line process. For applying online, please visit the web site admission.bibm.org.bd. For Hardcopy Application one can collect application form along with a prospectus from DSBM Office (3rd Floor, BIBM Academic Building). Application form can also be downloaded from the BIBM website at www.bibm.org.bd
